

Flood Control Schemes for Varada River.

*Q.—449. Sri B. V. MAGAVI (Haveri).—

Will the Government be pleased to state :—

the number of schemes contemplated to be taken up during the IV Five-Year Plan, under Flood Protection (Flood Control) for the river Varada in Dharwar and Shimoga Districts ?

A.—Sri S. NIJALINGAPPA (Chief Minister).—

The following flood control schemes in the Varada Valley situated in Shimoga District are proposed to be taken up during the IV Five-Year Plan.

- (1) Dandavathi Reservoir Project.
- (2) Varada river and its tributaries in connection with flood control works.
- (3) Jambigaru Reservoir near Sagar.
- (4) Reservoir near Bastikoppa across Chitpada nadi in Sorab Taluk.

Business of the House

Mr. SPEAKER.—Now, we have to make up for what we could not do yesterday. We have today Demands and also Supplementary Demands. Why not we start the discussion on the Supplementary Demands first ?

Sri C. J. MUCKANNAPPA (Sira).—I have to make a small request, Sir. Today you have included very many major Demands like major irrigation, minor irrigation, General Administration and so on and some more time should be given to us.

Mr. SPEAKER.—The Hon'ble Member may think over and tell me later. In the meanwhile we shall go ahead with the discussion on the Supplementary Demands.

Sri S. SIVAPPA (Shravanabelagola).—When the Finance Minister suggested the discussion of Supplementary Demands, we were given to understand that it would contain small items. After seeing the items in the Supplementary Demands we find that they are not small items and as such more time is required for them.
